

SUMMER UNIVERSITY 2013

“Learning Architectural Drawing”

SUMMER UNIVERSITY 2013 CEU

model-making, freehand sketching and introduction to digital representation: Autocad, Rhinosceros, Grasshopper & Photoshop with group discussions, reviews and one-on-one guidance in tutorial time. Students may use the EPS, Computer Laboratories, the Drawing Room, the Digital Prototyping Laboratory and the Library. The workshop includes a field trip to a significant Madrid architectural landmark and concludes with an exhibition of students works and a reception for participants and all their families.
